

ALL SAINTS OUTREACH MINISTRY

A major part of All Saints' mission is to encourage and support the growth of the Indonesian church in Indonesia. Toward that end, we have an active Outreach program that supports the work of the gospel in Indonesia, both directly and indirectly. Outreach projects are supported through regular donations including weekly giving by All Saints congregation members. Each part of the program is described very briefly below. Please contact the project coordinator for more information on individual projects. The Outreach committee carefully manages the donations given, seeks to obtain additional support whenever possible, and encourages members of All Saints to become involved in supporting Outreach and to become active as project coordinators.
